Russell Broom Co. Sends to Japan For Broom Handles

That Maysville is very much on the map comes out forcibly every now and then.

The latest evidence that there's unlimited enterprise here also is the fact that the Russell Broom Company has just received 5,000 bamboo broom handles all the way from Tokio, Japan, ordered through a well known New York broker some five months ago.

The duty on the bamboo had to be paid in gold at the Custom House in New York—no other coin would be accepted—and the Maysville firm has the distinction of being the first to import the Japan product to be used in their broom-making.

Severe Thrashings Given to Two Bracken County Farmers

According to telegraphic dispatches thirty-five masked men went to the home of Henry Gross, near Gertrude, Bracken county, Monday night and administered a severe thrashing with a blacksnake whip, admonishing him to tear up his tobacco beds, sign up his 1907 crop and quit talking against members of the Burley Tobacco Society before next Saturday night.

The men then repaired to the home of his father, George Gross, who lived but a short distance away, called him forth, repeated the warning they had given his son, and Mr. Gross agreed to destroy his plant beds and cut out the 1908 crop.

The men next visited the home of Lewis

Kinney, who lives but a short distance from the Gross farm, who was compelled to walk out in a field, where he was divested of his overcoat and given a severe beating with the blacksnake whip. After the first thrashing Kinney would not agree to dig up his plant beds and only agreed when they started to use the whip again.

Delegates will attend from all over the world.

In Selecting a SUIT OF CLOTHES For Self Or Son

Is it not the wise thing to look over the biggest selection you can find? There are few clothing houses that carry the vast assortment of fine clothing you find in our house; none that sell them on as reasonable terms. In Children's Suits for this spring we have eclipsed all previous efforts. See them in our windows. Our Young Men's Suits, notably the "College Brand," stand at the head of the list. They are no copies; they are "original." Our Shoe and Hat Departments are the features of Maysville's mercantile business. Very few houses in large cities carry the qualities and quantities we do in these two lines. Our \$12 Blue Serge Suits, of which we are selling scores, are the best values in the land. Let us show you them.

TROOPS

At Ripley Fully Equipped to Meet Incursions of Expected Night Riders

Troop B, Ohio National Guard, with 68 men and officers, arrived at Ripley yesterday at noon.

The Troop is under command of Capt. Ran. W. Knauss, an experienced officer and a veteran of the Philippine campaigns and is fully equipped for any emergency and an indefinite stay.

The men are armed with newest model Government carbines and well mounted, the horses, with a few exceptions, being the personal property of the troop members, constituted of the sons of some of the oldest and wealthiest families in Columbus.

A squad of hospital corps men with ambulance and full equipment accompanies the Troop.

On their arrival at Ripley they will report to the Sheriff and be used in aid of civil authority, unless Gen. John C. Speaks determines that martial law shall be declared, in which case he will take entire charge of the situation.

The men will form a patrol along the river from Aberdeen to Higginsport, between which points the night riders are expected to cross.

FLOOD STAGE

In Ohio Says Bassler—May Reach Fifty Feet

"The river at Cincinnati will pass 45 feet Thursday evening and continue rising. More rain is indicated."

This is the bulletin Forecaster Bassler issued Wednesday. Just how high the river will go Mr. Bassler refused to estimate. Thursday he says he will be in a better position to say if the present rise will go beyond the danger point, 50 feet. The stage at Cincinnati Wednesday morning was 36 feet. At Portsmouth the stage is 30.7 feet.

A record of four flood stages since January ought to be sufficient, but with incessant and

heavy rains for a week past and the further fact that both the Mississippi and Missouri rivers are on a boom, makes it almost a certainty that the Ohio river here will reach a forty foot or more stage.

According to Weather Bureau Statistics, as far back as 1875, there have been three high stages in May: 51.0 feet, May 7th, 1893; 51.2 feet, May 1st, 1901, and 48.2 feet, May 16th, 1905, and if the wet weather continues, the Lord only knows what the stage in May, 1908, will be.

The present year has been a ruinous one for the cultivators of bottom lands. Three times has the ground been prepared and seed planted only to be destroyed by the overflow of the river, and now that their work is to count for naught on account of another high stage is too bad, indeed.

"Every woman suffering with any female trouble should take Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Cochran Chairman

of State Convention and Taft Men in Full Control—Adjourned Until This Morning

Cochran's Opening Speech Captures Convention. Speaker Announced That Governor Had Decided to Pardon Powers and Howard

The Kentucky State Republican Convention was called to order at Phoenix Hill Park, Louisville, yesterday afternoon at 1:30 o'clock by Hon. R. P. Ernst.

Mr. Ernst in his address laid particular stress on the fact that the funds with which the organization had been effected and maintained had been given the majority by the much criticised class of men known as Federal officeholders.

Upon the recommendation of the State Central Committee, W. D. Cochran of Maysville and Sam J. Roberts of Lexington were installed Temporary Chairman and Temporary Secretary, respectively.

Leslie Combs of Lexington, Minister to Peru, was appointed to escort Mr. Cochran to the chair.

Chairman Cochran appointed members of committees from the State-at-Large as follows: Resolutions—James Breathitt and John Marshall.

Credentials—C. H. Berryman and G. W. Welsh.

Permanent Organization—J. B. Bennett and William Henry Jones.

Rules and Order of Business—John L. Rich and J. C. Speight.

Chairman Cochran announced that the Committee on Credentials might be engaged all night.

THE BIG FOUR.

As the convention adjourned until this morning at 8 o'clock, THE PUBLIC LEDGER can only give an estimate of who the Big Four will be. The following may be elected:

Governor A. E. Willson.

William Marshall Bullitt.

Congressman D. C. Edwards.

W. D. Johnson, (Colored.)

Chairman Cochran in his opening speech electrified the 2,000 delegates and when he declared that Governor Willson had pardoned Powers and Howard the meeting was nearly stampeded and several hundred dollars were thrown upon the stage for the noted prisoners.

The chief friction developed in the Fifth Congressional delegation (Louisville) where the Fairbanks men are contesting the entire delegation. They charge that the Louisville police were used for purposes of intimidation and other acts of fraud were committed.

Similar acts were charged by Fairbanks men of the Eleventh District, which is also contested entire. There seemed little doubt last night that the Taft slate will be put through.

The convention was in session but an hour last afternoon. No friction developed during the session, and the Taft men captured the temporary organization. The only incident to break the routine preliminaries was the great

outburst of joy caused by an announcement that Governor Willson had pardoned Caleb Powers and James B. Howard. The report proved to be untrue.

The indications were that the temporary organization would be made permanent when the convention convenes this morning.

As the Taft men are overwhelmingly in control, the Secretary will get 20 to 22 of the State's delegation to the Chicago Convention.

With the District Conventions held at Louisville the Republican party in Kentucky has selected a new State Central Committee and chosen Delegates to Chicago. The State Convention will choose four Delegates from the

State-at-Large, and the Permanent Chairman will name additional members of the State Central Committee. Every man on the State Central Committee but one, J. W. McCulloch of the Second District, is a supporter of Judge Taft. Both the State Central Committeemen from the State-at-Large will be Taft men.

THE NEW STATE CENTRAL COMMITTEE

First District—J. C. Speight, Graves county.
Second District—J. W. McCulloch, Owensboro.

Third District—J. Frank Taylor, Glasgow.

Fourth District—M. L. Heaverin, Hartford.

Fifth District—Charles L. Scholl, Louisville.

Sixth District—R. P. Ernst, Covington.

Seventh District—C. O. Reynolds, Lexington.

Eighth District—L. W. Bethurum, Rockcastle county.

Ninth District—J. B. Bonnett, Greenup.

Tenth District—R. H. Winn, Mt. Sterling.

Eleventh District—A. T. Siler, Williamsburg.

NOMINEES FOR CONGRESS.

First District—Jerry R. Porter, Clinton.

Second District—John C. Worsham, Henderson.

Third District—No nomination yet.

Fourth District—Dr. D. W. Gaddie, Larue.

Fifth District—R. C. Kinkaid, Louisville.

Sixth District—John R. Inglis, Trimble.

Seventh District—R. L. Bristol, Scott.

Eighth District—No nomination made yet.

Ninth District—J. B. Bennett, Greenup.

Tenth District—John W. Langley, Prestonsburg.

Eleventh District—D. C. Edwards, London.

KITCHEN ECONOMY

There is a triple economy in using Chenoweth's Baking Powder:

1. It costs less than other good powders.
2. It goes about twice as far.
3. It gives uniformly good results.

The amount of money lost in one "spoiled" baking, through the use of impure powder, would pay the entire cost of Chenoweth's Baking Powder for several months. This powder is always pure, fresh and of full strength, hence you can always depend upon its producing uniform results.

REV. J. W. MITCHELL

The Marrying Parson Stricken and Died Suddenly at Covington

Fatally stricken while walking about the yard surrounding his home at 1031 Scott street, Covington, Ky., Rev. J. W. Mitchell, a prominent Minister, staggered into his bed chamber and succumbed before medical aid could be summoned. Heart disease superinduced by acute indigestion is believed to have been the cause of his death. Rev. Mitchell was about 68 years of age.

Rev. Mitchell, better known as the "marrying Minister," had perhaps joined more couples in the bonds of matrimony than any other

WEAK FROM SUFFERING UNABLE TO PERFORM WORK

Discouraged After Spending Money Without Benefit—Found Help at Last.

Mr. Earl McCoy, living at 1506 So. Branson Street, Marion, Ind., has passed through an experience that is being duplicated every day in every town and city of any consequence in the United States. It furnishes abundant proof of the correctness of L. T. Cooper's theory in regard to the degeneracy of the human stomach, and shows conclusively the merit possessed by his New Discovery medicine to restore the weakened system to full strength and vigor.

Mr. McCoy says: "For a long time I have been a sufferer from stomach trouble. I was unable to retain any food, and became so weak and run down that I was compelled to stop work. My system was nearly a wreck, and I had tried so many remedies and spent so much money without deriving any benefit, that I became discouraged and gave up hope of ever being well again.

"I heard a great deal of Mr. Cooper's theory and medicine, and after much hesitation decided to try it. The result was a pleasant surprise. Before I had taken half of the first bottle I was able to retain all food eaten, and my strength began to return. I have taken six or seven bottles, and am feeling fine. I eat and sleep well, do not cough at night, and am able to perform a hard day's work. I can cheerfully recommend Cooper's New Discovery, for it has done wonders for me."

The Cooper remedies are meeting with remarkable success wherever they are introduced. They are without a rival in toning up a weakened and run-down system. We sell them.

An attempt was made a night or so ago to rob the People's Bank at Stamping Ground, 15 miles from Frankfort. The combination lock on the vault was worked and the vault opened, but before the robbers could get the time lock opened they were frightened away. The safe contained \$6,000.

WELL DESERVED

The Praise That Comes From Thankful Maysville People.

One kidney remedy never fails. Maysville people rely upon it. That remedy is Doan's Kidney Pills. Maysville testimony proves it always reliable. Mrs. Della Means, 328 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case. The first symptom was a sharp pain through the kidney regions, accompanied by a bearing-down feeling through the hips and loins. Dull, miserable headaches soon began to bother me, and I would often become so dizzy that I did not catch hold of anything I would have fallen. I continued to grow worse, until my condition became such that I was often confined to my bed for a week at a time. No remedy I used helped me in the least, and I was in a truly critical condition. Dropsical symptoms appeared, and at times there was an almost complete retention of the kidney secretions. My feet and ankles became so swollen that at times I could not wear my shoes, and this swelling gradually spread to all parts of my body, and it would be impossible to describe the misery I endured. I had about despaired of ever being cured, when I read of a person who had been cured of a similar trouble by the use of Doan's Kidney Pills. Deciding to try them, I procured a box at J. J. Wood & Son's Drugstore, and obtained so much relief from the contents of this box that I procured a further supply and through its use was entirely cured. I have no hesitancy in saying that Doan's Kidney Pills saved my life, and it would be impossible for me to give them more praise than they deserve."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

EQUITY RALLY

At Augusta Draws Crowd of Many Thousand People

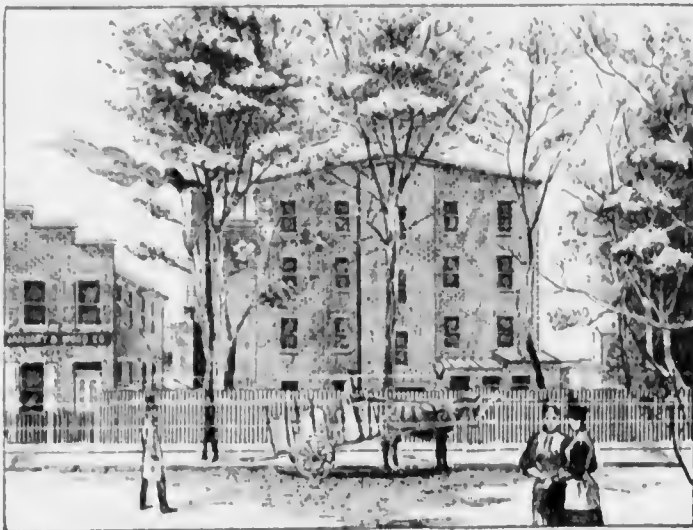

Three thousand tobacco growers of the White Hurley Districts of Kentucky and Ohio gathered at Augusta, Bracken county, yesterday, and attended a day of jollification which was intended to bring the Independent growers of both States into the Society.

Street parades, free shows and speaking by various orators on the tobacco question were features of the meeting.

Many from this city and county were present, and speeches were made by Miss Alice Lloyd and Hon. J. N. Kehoe. The best of order prevailed.

MAYSVILLE COTTON MILL

One of This City's Oldest and Yet Most Modern Industrial Establishments

Maysville has within her borders one industrial institution which the people of the city by no means fully appreciate, owing to their limited knowledge of the conditions of the plant.

In making his round of the manufacturing establishments of the city this week State Labor Inspector Thomas A. Davis thoroughly inspected the Maysville Cotton Mill in West Second street and his report will be of general interest.

There are at present at work in the Mill 170 men, women and children, none of the latter, however, being under 14 years of age.

Mr. Henry Crawford, the Superintendent, has been employed at the Mill for forty-three years, starting in as "Boiler Boy," and working himself up to his present position.

The Maysville Cotton Mill was founded in 1851 by Messrs. January & Wood and was incorporated in 1888 under the firm name of January & Wood Company, the present officers being A. M. J. Cochran, President, and Robert

A. Cochran, Secretary. Its product is in demand in all parts of the United States, its specialty, Carpet Warp, being recognized over, where as unexcelled on account of its superiority of texture and color.

Although quite the oldest manufactory in the city, the Cotton Mill is one of the most modern plants in or about Maysville, the latest improved machinery being installed from time to time. But by no means is the general sanitary condition or cleanliness of the work-rooms neglected. The interior is kept in splendid order for a factory of its kind; it is lighted by electricity, has steam heat in winter, necessary conveniences on every floor for both men and women, and the labor is not especially hard, as is generally supposed.

For various reasons the doors of the Cotton Mill are not thrown open to sight-seers, but the owners have the welfare of their employees in mind in the conduct of the big business.

FISH HATCHERY

Government Will Establish One In Kentucky, Probably in Greenup or Lewis County

The Merchant Marine and Fisheries Committee has favorably reported the bill introduced by Representative Bennett establishing a fish hatchery in Greenup, Lewis or Carter county, Ky.

The Committee struck out the counties so as to leave the location of the hatchery any place in the State, as may be decided by the Secretary of Commerce and Labor.
